

Prophecy Seminar

Fox Valley SDA Church is pleased to announce the Bible Truth and Prophecy Seminar starting Friday, January 15th at 7 pm. It will continue every Friday, Saturday and Tuesday evenings through April 1st. The sessions will be held in the church's fellowship hall allowing for a more relaxed and informal atmosphere. A light snack will be served each night at the seminar. Also for those in need of child care, it will be provided.

The seminar will focus mainly on the book of Daniel with most of the major truths of the Bible being explained by the speakers. The speakers will be Pearo Ackles, Paul Conner, and Pastor Garbi, assisted by Dorothy Ackles.

Pearo & Dorothy Ackles

Paul Conner

Pastor Samuel Garbi

Pearo Ackles team-presented with Pastor Garbi at the Daniel Seminar that was held last quarter at our Fond du Lac Company in Fond du Lac, WI. He and his wife, Dorothy, have been in the pastoral ministry for many years and are currently members of the Beaver Dam SDA Church. Pearo is a very able teacher, and we pray for a great spiritual blessing and a rich harvest of decisions/baptisms as a result of his efforts here.

On Thursday, January 7th, Paul Conner and Doug Klemp will lead an organizational meeting for those who are helping during the seminar. 29,000 postcards will be sent out to the residents of Neenah and Menasha. If anyone wants some "homemade" announcements to hand out please contact Carol.

WI Conference President Visit at FVC

Don and Phyllis Corkum

On Sabbath, January 30, Elder Don and Phyllis Corkum have been invited to come to Fox Valley Church. It will be their last visit to the Fox Valley District, as active WI Conference President, before their retirement in Alberta with their children later this Spring. Elder Corkum's spiritual messages never fail to be a blessing to the hearers; we will all receive a special blessing that day.

We would also like to be a blessing and take this opportunity to give the Corkums our warm farewell and thank them for their spiritual leadership in WI these past 11 years. If you have any idea on how to thank and honor them or how to make the day special for them, please communicate this to the senior editor at cells@ameritech.net. Thank you in advance.
